ABOUT ME

Good Day! I am Mcfaden Edmund Lao Solas or you may call me Mund. I am half chinese, half filipino male who grew up in Cebu. I've appreciated and practiced different art styles both as a hobby and as work. Landscape paintings are my absolute favorite.

I've been working as a graphic designer and video editor in the same company for 4 years or more, and did some freelancing work as a sideline. 97% of my edits get one time approvals from our clients. Also, besides video editing, I also create motion graphics for new york times ads, company logos as well as radio and video interviews. I am very meticulous especially when it comes to hierarchy, measurements and alignments, basically the overall balance of each of my crafts.

JOB EXPERIENCE

VIDEO EDITOR

2021 - Present

Bridgebooks

I've made several book video trailers, NASDAQ and MIFI new york times billboard ads, radio and video interviews as well as made company logo intros and outros using motion graphics. I occasionally did company events and promotional videos. Long and Short form videos are my strengths.
